India Missions Update

A return trip to India is planned for January & February, 2016. Those making this trip are Matt Amos, Dave Amos, David & Laura Cravy, Terri Hall, Rick & Pam Reynolds, and Reg & Kathy Berry. Some of those traveling would appreciate financial assistance. If you would like to help, make your checks out to Woodstock Church of Christ, and notate Woodstock Mission Travel Fund in the "for line." **PLEASE DO NOT IDENTIFY SPECIFIC INDIVIDUALS.** Should you be audited for contributions and the auditor sees a check is made for the benefit of a person(s) then it is a quick dis-allowance. Tax law looks at that contribution as if the money is handed directly to the person(s) indicated, and those contributions are not deductible.

We replaced the pictures on the Living Wall with our new directory pictures. If you didn't have your picture made or if new baby, children have grown, etc., and would like to have a new picture made to be posted on our Living Wall, please see Barry Payne. He will take the photo for you after any worship service.

Kitchen Need

Our church kitchen is in need of serving spoons. If you have extra or can purchase a few, it would be greatly appreciated.

Cold & Flu Season

We are currently out of tissues. We are asking each family to bring one box of facial tissue (any brand) and place in the orange box in the foyer. This should keep us supplied through the winter cold and flu season. Thanks for your help.

Woodstock Church of Christ

WEEKLY

Vol. 24 No. 42 October 18, 2015

Welcome to the Lord's church that meets at Woodstock, Georgia. We find our authority in the inspired word of God and are governed in organization, faith, worship, and work according to God's Holy Word.

MAN: THE MISSING YEARS

Genesis 2:15, "Then the LORD God took the man and put him in the garden of Eden to tend and keep it."

According to the evolutionary timetable, mankind has been on Earth for about 100,000 years. Archeologists and Paleo-archeologists claim that 100,000 years ago the earliest true men began to bury their dead, often with flowers and other trinkets, suggesting that he was capable of abstract thought. Paintings on cave walls and ceilings show that early man was capable of creating exquisite art. Other excavations have yielded scale models, toys and jewelry. Isn't it strange, then, that for 95,000 years, man left no written record of himself?

We are also told that, according to the evolutionary timetable, that it was only about 5,000 years ago that man discovered agriculture. Why would it have taken at least 95,000 years for man to have discovered that when seeds are planted in the ground, they sprout and produce more food? The truth is, even the most lush jungle on Earth today cannot produce enough plant material to feed the inhabitants. Anywhere you find people in the jungle, you will also find gardens to supplement their diet.

The answer to this mystery is simple. Those first 95,000 years never happened! The written record we have of man and our knowledge of his agriculture can be easily accounted for within a literal understanding of biblical history. And the Bible tells us that Adam was the first to engage in agriculture.
