## WEEKLY

Vol. 23 No. 8

February 22, 2015

*Welcome to the Lord's church that meets at Woodstock, Georgia. We find our authority in the inspired word of God and are governed in organization, faith, worship and work according to God's Holy Word.*

### Advice To Preachers

The Lord knows that preachers need advice. I know that preachers need advice! And you know that preachers need advice! And they do not fail to receive it whether desired or not! Every preacher has met members of the church who want the gospel preached so as not to "offend" anybody and presses the preacher to accomplish this impossible task.

A young preacher began a work with a church in Kentucky. He wanted his first sermon to be memorable so he decided on a fiery denunciation of gambling...of the horse racing sort! As services were dismissed, one of the deacons rushed to tell him that he was in an area known for its fine horses and that many of his congregation raced their horses.

The preacher took the hint, and the next Sunday delivered a roaring sermon on the evils of smoking. The deacon was back at the first opportunity to warn the preacher that tobacco was grown in the area, that it figured big in the local economy and that part of his salary came from tobacco farmers.

On the next Sunday, still striving valiantly to please, the preacher discoursed on the sin of drinking alcohol, like bourbon, like, Kentucky Bourbon! The deacon promptly returned to him and reminded him that the town had a distillery where many of the church members worked. (Hope the elders told him that before he agreed to come work with that church!)

"Well, what can I preach on?" asked the frustrated, young preacher. "Why not, replied the deacon, preach "ag'in" them heathen witch doctors! There ain't a one of them within a thousand miles a shere!"

The head of the Bible department of one of the "Christian colleges" was giving advice during class to young preachers. Said he, "When I am in a community where there are Methodists, Baptists, and Presbyterians and I wish to preach against human, religious bodies, I don't name names! In this way I avoid giving offense to my hearers. I would advise young preachers to do the same!"

Someone should have warned Paul about preaching to Felix and Drusilla on "Righteousness, temperance, and judgment to come."

We think we'll take our stand with Paul and preach what the people need to hear from the word of God rather than what they like to hear. But ya know, it seems to me that "them heathen witch doctors ain't givin' us much trouble!"
